Jee-Eun Lee: Flower / Mixed media on canvas / 160 x 160 cm / 2010

Return to Origin of Painting

Jee-Eun Lee completed her specialization in Oriental Painting from Korea, and advanced her education in École Nationale Supérieure des Beaux-Arts, Paris, France.

She expresses her art through traditional Korean art technique of line, spread and negative space, while using occidental painting materials in order to approach the fundamental of painting. To express the oriental impression, she uses vibrant and transparent colour to paint the leaves and flowers, the subjects of her art work.

The composition of the oriental spirit and occidental painting materials from her art work, not only present the simple image of nature but also accomplish the birth of new life. Through the painting, Jee-Eun Lee presents the homage of life to nature.
